About Us

Incorporated in the year 2004, Raybon Chemicals and Allied Products has made a mark in the water and wastewater treatment markets, as a prominent and reliable supplier of products and services. With a broad range of chemicals for water and wastewater treatment in our portfolio like Polyelectrolyte Chemical, Activated Carbon Powder, Antiscalants, Antifoaming Agents, etc., Raybon Chemicals stands out as one of the best companies in the country for effluent treatment chemicals, we believe that all our products must have a service built in or associated with it and so in essence we are a service provider and not just a chemical supplier.

Ours is a company that firmly believes that client satisfaction is something that leads to the successful run of a company. Therefore, we devote utmost attention in meeting all the requirements of our clients to the fullest. All the functions of our company takes place under the able guidance of our founder and CEO, Mr. Chandan Sarkar who possesses a rich domain experience along with sound business understanding that enables the company to meet all its objectives.

Key Facts

Nature of Business	Manufacturer
