About Us

Aerocon Corporation was founded in the year 1974 by a smart, knowledgeable and enthusiastic engineer who was then working in the widely renowned General Electric Co. of India Ltd. His mission to support masses avail advanced functionality fans at the lowest prices became one of the major reasons for our company receive acclamation in the industry. Today, we are perceived to be the most quality devoted manufacturer of Air Circulator Pedestal Fan, Flameproof Exhaust Fan, DC Cabin Fan, Portable Air Blower, Wind Turbine Ventilator, Tunnel Jet Fan, Bifurcated Axial Flow Fan and a host of other fans.

Our collection of Exhaust Fans comes ISI marked because for manufacturing it, we have received BIS license. For supplying fans, we have developed our presence across the country through a reliable network of dealers.
