About Us

Essone Global laid the foundation of their business in the year 2014 as an original equipment manufacturer of Medical & Surgical equipment. We are specialized in designing and manufacturing a wide range of Surgical Items, Orthopedic & Fracture Appliances, and Ambulatory Aids. Having core knowledge of this domain and enthusiastic team of professionals, we deliver cutting edge surgical devices to fulfill stringent needs of surgeons all across the country. Today, we are experiencing a huge appreciation from clients and getting repeated orders. This is the result of hard work and dedication of our engineers, designers and quality controllers. We realize continued increment in a number of people facing a lot of minor to severe health or fitness issues. With our complete range of surgical items, we always try to provide the optimum solution to our clients with least possible costs.

We deliver reliable and value added products without any defects. We are in contact with some of the famous hospitals, medical centers and clinics who trust our quality. Ever since the start of our business, we have been focusing towards creating world-class manufacturing facility that can ensure flawlessness in throughout the production process. Also, in pursuit of delivering quality assured surgical & medical aids, we have spent a lot of money in quality control and research.
