About Us

Saree, six yards of grace and beauty, is widely popular in India and has been used for ages. Not only does it make a person look more graceful, but it also enhances their beauty and confidence. Over the years, as the fashion scene changed dramatically, so did the designs of these items. The only difference it made is that now these clothes are manufactured keeping in mind the latest market trends. To cater to the high demand for these products, our company, Usha Textile, was founded. Our product range is varied and contains items like Pure Cotton Saree, Pure Cotton Tanth Rangabati Saree, Pure Cotton Tanth Barowari Saree, Pure Cotton Tanth Koyel Saree, Pure Cotton Tanth Mango Saree, and more. Our products are available for our customers in various patterns, designs, colours, and textures.

The first thing that a customer looks for while procuring them is the quality of these items, and hence, we make sure to procure them from the most trusted manufacturers in the industry. We are a leading supplier and trader and source only the best. All the items that we deal with are passed through a series of quality assurance tests to make sure they are on par with international standards. We test these items on colorfastness, strength, durability, the raw materials used, and more. After that, each item is carefully packed in sealed packaging and containers to make sure they remain free from dust, dirt, or tear during transit. Moreover, in order to cater to the requirements of a larger audience, we supply these items to our customers at competitive market prices.
