About Us

We, Balaji Advanced Composites are a prominent manufacturer and supplier of a wide range of products that find applications in diverse industries. Our wide range of products includes Industrial Barriers Handrail, Battery Stand, Cable Tray, Cooling Tower, FRP Bridge, FRP Gutter, FRP Staircase, Bio Tower Grating, FRP Moulded Gratings and Industrial FRP Gratings. We offer diverse categories of products that can be installed and used in a wide range of industries and manufacturing plants. Every product we produce is thoroughly examined and tested after the completion of its production process by our in-house quality assurance team and is only delivered to the end user once it is deemed fit for use. Such rigorous quality testing has helped us become a brand name synonymous with high quality and profound customer satisfaction.

Being used for a wide range of applications our products have been designed keeping all these uses in perceptive to ensure that customers face no challenges while using our products.
