## About Us

NYC Lab Instruments And Control is a leader in the laboratory products market. We work with smart strategies and stringent quality control measures to establish ourselves as a reliable partner for companies. We function as a manufacturer and by carefully performing tasks, we deliver highly reliable products, including Bunsen Burner, Vertical Deep Freezer, Fully Automatic Vertical Autoclave, Heating Mantle, Humidity Chamber, Rotary Shaker, Extraction Unit, Muffle Furnace, Tray Dryer, etc. The quality we have been delivering since our foundation in 2017 has earned us a prestigious position in the market, and we have also received the eminent ISO 9001 certification in our journey. As we aim to serve our lab products to the maximum number of customers, we have maintained a wide variety in our portfolio. We not only offer different types of lab equipment but also several models and sizes of most of them. With such a wide number of options in our portfolio, we cater to a huge clientele with ease and efficiency.

In the realm of laboratory equipment, we, NYC Lab Instruments And Control, are extensively trusted. We take pride in being the most reliable manufacturer of cutting edge lab instruments such as the Bunsen Burner, Fully Automatic Vertical Autoclave, Heating Mantle, Vertical Deep Freezer, Humidity Chamber, Muffle Furnace, Tray Dryer, Rotary Shaker, Extraction Unit, etc. We have our state-of-the-art facility in Ahmedabad, Gujarat, India, where, using high technology, our tasks are performed to deliver the finest products. Our facility has modern furniture and systematic arrangements that ensure smooth working. Furthermore, we are establishing a niche for our business in the market because of the fair trade practices that we abide by.
