About Us

We, Maxon Engineers, established in the year 1994 are working as a manufacturer, trader and supplier from Ahmedabad, Gujarat, India. We offer a comprehensive range of Siphon Pipes, Pitot Tubes, Syphon Tubes, Condensate Pots, and Level Gauges among other products. These are used in different industries and are assured for their finest quality.

We have created a manufacturing unit, which helps us produce the range in large quantities to meet market demands. Hence, we are able to meet the demands of all the customers within the promised time. In order to maintain a seamless and efficient production process, we have recruited competent and qualified employees who manage all the processes with proficiency. We have gained a significant position in the market under the skilled guidance of our mentor, Mr. Tapan Vasantlal Patel. He guides our employees to realize their potential and give their best efforts towards producing an innovative product range.
