About Us

PSJ Biochem Diagnostic Pvt. Ltd. is a company that is well-recognized for offering a wide range of Mindray Chemistry Analyzer Big Pumps, Rotation Motor Position Sensors, Hormone Analyzers, Erba Biochemistry Analyzers, and other products. We are established as one of the leading manufacturers, suppliers, and traders of the aforementioned products. All our products are of high quality and comply with predefined industry standards. Each product is made using the finest quality raw materials at our advanced manufacturing unit under the guidance of our team of professionals. Our professionals are highly intelligent, experienced, and competent to design and develop such a range that holds the power to be instantly liked by a wide range of customers.

We credit most of our success to our customers. It was their hard work and dedication that made our company reach the top, and today we have actually attained a respectable position in the market.
