About Us

Ecosys was born out of a dream to contribute to the growing manufacturing sector in the country. Our business comprises of two verticals, namely, PLC Control Panels, PLC Automation Panel and LED Lighting Solutions through which we strive to offer our customers state of the art PLC automation and PLC Control Panels manufacturing and LED lighting projects.

Through the two business verticals of Ecosys, namely Industrial Automation and LED Lighting Projects, we aim to deliver efficient systems to our customers largely in the manufacturing sector. We also have a wide range of products that address most needs in the industrial automation industry.

Key Facts

Nature of Business	Service Provider
Primary Competitive Advantages	plc cards,remote monitoring system,scada system,industrial automation system,variable frequency drive inverter,automatic control panels,industrial control panels,electrical control panels,ac drive panel,three phase control panel
No of Staff	15
Year of Establishment	2015
No of Production Lines	1
OEM Service Provided	No
Monthly Production Capacity	As per order
ProductRange	plc cards,remote monitoring system,scada system,industrial automation system,variable frequency drive inverter,automatic control panels,industrial control panels,electrical control panels,ac drive panel,three phase control panel

Our Products

Temperature Sensors - RTD (PT100, PT1000)

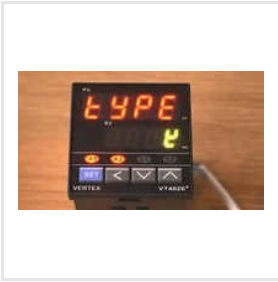

INVT

Automation System Integrators

Programmable Counters

Humidity Controller

Analog Temperature Controller

Programmable Counter / Timer

Industrial Sensors Controllers

Autonics Temperature Controller PID

Vertex PID Controllers - VT4826

2-Channel Isolated Universal Signal

Sequence Controller

Yudian AI-508 509

Programmable Temperature

Temperature Control Instruments

Programmable Isolated Signal

ADDRESS

B-40, Nandkishore Industrial Estate, Near Paper Box, Off Mahakali Caves Road, Andheri-E, Mumbai, Maharashtra, India (400093).
