About Us

Fortuna Technology is highly passionate about its business of Laboratory and Scientific equipment and many other related spare parts and analytical accessories. We function as a manufacturer, importer, exporter, and supplier, to fulfill the requirements of customers of this domain. Every product that we have added in our list of offerings is in compliance with international quality standards. Reliability, low maintenance, robust construction, and fluent performance are some of the features of our products that make them widely chosen in the market. Every day, we cater to the requirements of numerous scientists, researchers, and laboratory experts by providing them with our products, such as LOD Oven, Bunsen Burner, Static Pass Box, Incubator Shaker, Tablet Counter, Digital Refractometer, Ultrasonic Cleaner, etc. These are offered in many models and sizes, at market leading rates.

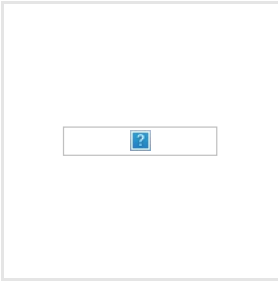

We are known for providing innovative-technological solutions that deliver safe, effective, and reliable results and enable customers to attain success. We have been able to provide such a remarkable range because of an effective quality management system. Each member of our staff works towards having continual improvement and ensuring that our products meet statutory and regulatory requirements. Further, we periodically update the technologies and methodologies that we use for product development so as to ensure the reliability and quality features of every item we produce. As a part of quality control, we remain focused on providing a good experience to customers by following our core values, strategic vision, and ensuring the engagement of our people.

An infrastructure setup that has a modern architectural layout, massive working space, and several facilities, offers enough support to our team in attaining the business goals. We have invested a huge amount in maintaining such an advanced setup. Further, we continuously make investments in upgrading its amenities by adding more machines, tools, and equipment. Due to our infrastructural facilities, we regularly meet the market demands for Static Pass Box, Incubator Shaker, LOD Oven, Bunsen Burner, Tablet Counter, Digital Refractometer, Ultrasonic Cleaner, and many other products.

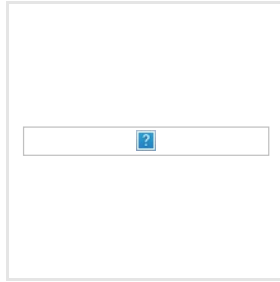

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	laboratory ovens,laboratory equipment,analytical laboratory instruments
No of Staff	40
Year of Establishment	2014
OEM Service Provided	Yes
Memberships	Quality Certifications
ProductRange	laboratory ovens,laboratory equipment,analytical laboratory instruments

Our Products

Digital Oil Bath

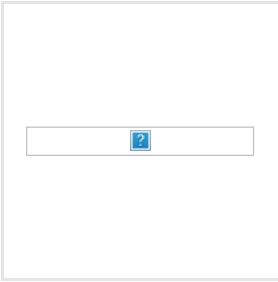

Stainless Steel Furniture

10 Litre Magnetic Stirrer Hot Plate

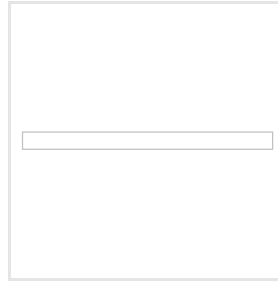

Electromagnetic Sieve Shaker

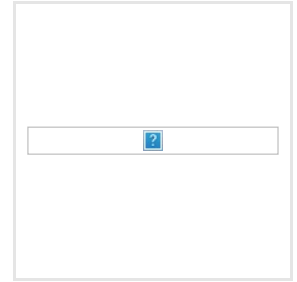

Fortuna Vortex Shaker

Refrigerated Circulating Water Bath

FTMS300 Magnetic Stirrer With Hot Plate

Multipoint Magnetic Stirrer

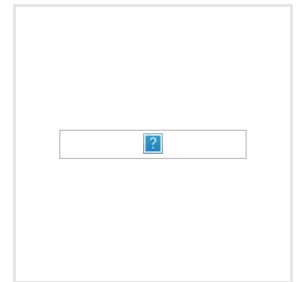

Cleanroom Crossover Bench

Digital Hot Plate

Digital Heating Mantle

Digital Water Bath

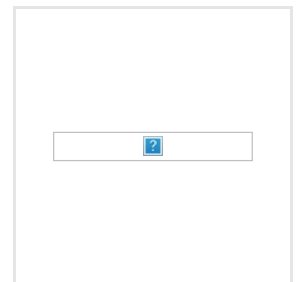

Lab Digital Oil Bath

Lab Static Pass Box

Incubator Shaker

Wrist Action Shaker
