About Us

With the core mission to meet the growing requirements of agricultural sector, we, Blue Stallion Equipments (P) Ltd. came into existence in the year 2004, started operations in Ludhiana, India. Our company is working as a renowned Manufacturer, Exporter and Supplier of different kinds of agricultural equipment and tools. The extended gamut includes Prefabricated Green House Kits, Agri Sprayers & Equipments, Irrigation Kits & Accessories, Construction Hardware and Fasteners.

Our agricultural equipment are specially designed for meeting the diverse needs of the farmers like dusting, spraying and harvesting. With the help of our qualified and knowledgeable professionals, all these products are manufactured by utilizing the resources optimally. Besides our Green Houses are available in various types like Poly houses, Anti Insect Net Houses, Agro Shade Net Houses, Screen Houses etc. These Greenhouses are used by agricultural sector for growing both, seasonal and off-seasonal vegetables, flowers, transplants and fruits. After attaining a dominating position in the domestic market, we are looking forward to enter in the international market. By providing high quality agricultural products at global level, we want to achieve a remarkable position. Our organization is also coming up with various new projects related to agricultural sector such as solar equipment, tissue culture and nursery production of different types of crops that are offered at the most genuine prices.
