About Us

The history of Indian Genomix (P) Ltd. dates back to the year 1998 when our company entrenched its roots in the market as an exporter and manufacturer of Cal 2 Mix Liquid, Pharmaceutical Formulations, Livomix Liquid, Fenbendazole With Cobalt Selenium, Veterinary Products and many more of unparalleled quality. Since the time of our origin, achieving maximum client satisfaction has been our prime objective. In order to not only stand up to our clients expectations, but exceed them we ensure that all the business operations we have to perform are conducted in a systematic manner so that no room is left for the mistakes.

Settled in the prime location of Telangana (India) Hyderabad; we, Indian Genomix (P) Ltd. have been supplying our clients a qualitative range of Levamisole, Calphamin Powder, Rafoxa, Closanvet Liquid, etc. at fair prices not only within the boundaries of domestic or national markets; but overseas. Our workers ensure that all the demands of our clients are fulfilled as per their specifications. The highly competitive prices and flexible payment options like cash, credit card, DD, etc., that we offer to our clients are the few of the reasons that attract clients towards us and we have gained a large client base.
