## About Us

We, at Ikon Bio Pharma, are the top trader and supplier of premium Cancer, Nephrology, Neurology, Gynecology, Cardiology, Hematology, HIV, Anti-biotics and Other Life Saving Medicines. Our company was founded in Mumbai, Maharashtra, India, in the year 2010. Because of their balanced composition, hygienic qualities, effectiveness, and safe applications, the items are in high demand in the market. These products are purchased from reputable and trustworthy market vendors who process them in accordance with global quality standards. To make them pure and effective, they employ internationally recognized processing methods together with premium chemical components.

Our company's vendor base is real and approved, which helps us provide high-quality products to our customers. Our team of procurement agents has chosen these vendors based on a variety of factors, including their track record in the industry, infrastructure, clientele, delivery schedules, capacity to fulfill large orders, etc. Our solid vendor network enables us to continue being a market leader in the area in which we operate by supplying clients with high-quality items on time. Through the implementation of equitable business procedures, we have successfully sustained amicable and enduring associations with our suppliers. These experts were recruited by us due to their outstanding academic records and experience. Our experts have a wealth of experience and expertise satisfying the diverse needs of our clients. Our staff members are constantly committed to the expansion of the business. We routinely hold a variety of seminars and workshops to keep them informed about the most recent industry standards. With the assistance of our Owner, Mr. Swapnil Surve, we have established ourselves as one of this domain's leading names. His extensive industry knowledge and astute business sense have allowed us to effectively address the unique needs of our clients.
