## About Us

Quality is one factor that is above the rest. In chemicals, customers always look for high effectiveness and the best quality chemicals gets to users effective results. Understanding the value of quality in chemicals industry, we, Ultra Pure Lab Chem Industries LLP started our business venture this year. We are a promising exporter, manufacturer and trader of a large line of lab chemicals. Our range consisting Glacial Acetic Acid, Inorganic Chemicals, Boric Acid, Crystals Iodine, Extra Pure Iodoform, Mercuric Iodide Red and Potassium Iodide is of premium quality standards. On grounds of effectiveness and purity, our chemicals are matchless and we boast for the same in Indian and International markets. Our GR, LR, AR, Spectroscopy, UV & HPLC grade chemicals are supplied in not only India but in various African, Asian countries.

Ultra Pure Lab Chem Industries LLP is a Thane, Maharashtra, India based manufacturing, exporting and wholesaling company of Lab Chemicals such as Potassium Hydroxide, Mercuric Iodide, Boric Acid, Potassium Iodide, Crystals Iodine and more. These chemicals are pure and great in consistency. Supreme ingredients are used in formulating chemicals of great quality standards. We have a variety of chemicals in our portfolio, all very reasonably priced. Customers can get aforesaid chemicals in bulk from us as we formulate them in a large quantity. Having a wide network of supply, we deliver ordered chemicals in safest manner possible to companies in near and far regions.

## Our Products

**Geranyl Acetate**

**Lead Stearate  
(Anhydrous)**

**Light Green**

**Lithium Acetate**

**Lithium Sulphate**

**Litmus (PH Indicator)**

**N-Octylamine (For  
Synthesis)**

**POLYPHOSPHORIC ACID**

**Propyl-P-Hydroxy  
Benzoate Sodium Salt**

**Protamine Sulphate**

**Proteose Peptone**

**Pudina Oil**

**3-(2-Pyridyl)-5,6-  
Diphenyl 1,2,4-**

**Pyrocatechol  
(Catechol)**

**Rice Starch**

**Sodium Formaldehyde  
Sulfoxylate**
