

## PVC PIPE PLANT & PVC GARDEN PIPE MAKING MACHINE

*Perfection is our forte, Quality is our Soul*

Automatic Conduit Pipe Machine, Automatic HDPE Pipe Plant, Automatic Screw Conveyor, Garden Pipe Extrusion Machine, Garden Pvc Pipe Making Machine, Groove Feed Screw Barrel, HDPE Extruders Machine, HDPE Pipe Cutting Machine, HDPE Pipe Extruder Machine, HDPE Pipe Traction Machine, HDPE Pipe Vacuum Sizing Tank, Hdpe Manual Extrusion Machine, Hdpe Pipe Extrusion Machine, Hdpe Pipe Making Plant, MS Single Screw, etc.

**HDPE EXTRUDERS MACHINE**

**SINGLE JOCKEY AND CO-EXTRUSION PLANT**

**PVC PIPE TWIN SCREW EXTRUDER MACHINE**

## About Us

Jimkhaas Extrusions is a leading name of the market, working as a manufacturer and exporter of high-class extrusion machinery. With a committed focus on innovation, precision, and customer delight, we specialize in advanced extrusion solutions for the world. We manufacture PVC Pipe Extrusion Machines, Twin And Single Screw Barrels, Pvc Die Heads, Twin Screw Profile Extruder Plants, Pvc Garden Pipe Making Machines, and much more. Quality is at the core of all we do at Jimkhaas Extrusions. We ensure quality assurance levels are generated in every single production process. Each machine is built to meet the highest standards in the industry. Our materials are sourced, cutting-edge technology is used and watched closely over by skilled engineers and technicians who carefully monitor all activities from design to development and testing. Quality guarantees quality performance and perfect reliability in a long time.

We are equipped with the best infrastructures that are aimed to aid in the manufacturing of high-class extrusion machinery on par with international standards. The infrastructure of our manufacturing unit sprawls across a vast facility, as this space is completely equipped with the latest technology and advanced machinery that can deal with all phases of production, applying maximum precision and efficiency. Our infrastructure supports free flowing of work streams, from the design of prototypes to its manufacturing and up to the final stage of production for testing and quality assurance. We have separate departments for Research & Development, Manufacturing, Quality Control, and Logistics-all of which are integral to making sure that we deliver reliable, innovative, and efficient extrusion solutions.

## Key Facts

**OEM Service Provided**

No

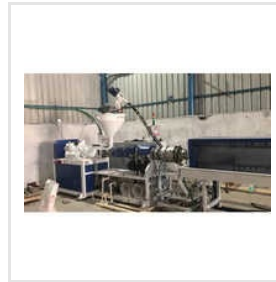

## Our Products

**PVC Die Head**

**Twin Srew Barrel**

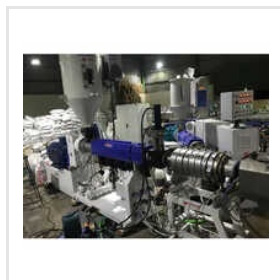

**Pvc Pipe Extrusion Machine**

**PVC And HDPE Die Head**

**PVC Pipe Extrusion Machine**

**Hdpe Manual Extrusion Machine**

**Pvc Pipe Extruder Machine**

**Garden Pipe Extrusion Machine**

**HDPE Pipe Extruder Machine**

**Hdpe Pipe Making Plant**

**Single Screw Barrel For HDPE**

**Twin And Single Screw Barrels**

**Twin Die Head**

**HDPE Pipe Extruder Machine**

**Hdpe Pipe Extrusion Machine**

**Groove Feed Screw Barrel**
