About Us

ADI Controls is a notable Manufacturer, Exporter and Supplier of modern Flameproof Temperature Scanner, ADI K Type Thermocouple Sensor, LC-51K Safe Load Controller Indicator, 10 VA Load Cell Amplifier Transmitter, Remote Display Unit, Digital Counter Meter, Industrial Pressure Transducer, Programmable Controller, etc. We also provide end-to-end installation, after sales and guidance services to the clients. We provide technically-sound products under the brand name of ADI for meeting the demands of medial, rubber plastic, coal, pharmaceutical, gas, oil, and other sectors.

With more than 44 year of rich experience, we have been serving the needs of the global markets with the best. We design products as per the international quality standards to provide user friendly, precise and high-end products to small scale to heavy manufacturing industries.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	load indicator,jumbo load cell,shear beam load cell,beam load cell,platform load cell,s type load cell,strain gauge transducer,load cells
No of Staff	50
Year of Establishment	1978
OEM Service Provided	No
ProductRange	load indicator,jumbo load cell,shear beam load cell,beam load cell,platform load cell,s type load cell,strain gauge transducer,load cells
