About Us

We are a 45 year old manufacturing company based in Moradabad (INDIA) with complete in-house production facility for metal handicrafts. BINNY EXPORTS has been a manufacturer and exporter of art metal wares, Brass Statues from last 45 years via different casting & production procedures using best sourced raw materials from the local Indian market. The manufacturing unit has been installed with all the latest technical equipments which are pollution free thus providing an eco-friendly environment to its workers.

The company has a highly skilled workforce, which not only enables it to produce very high quality products like brass statues, figurines, decor items, etc. but also makes it capable of handling large scale production. It can achieve a production volume of 50 tons per month with considerable ease, without sacrificing on the quality of goods. The customers can also get special designs made here, with both the workforce and the machinery capable of producing new sample designs.
