About Us

We, V tech Agro Industries, are an eminent manufacturer and supplier of poultry farm equipment. Owing to our real-time experience, we have been able to fabricate quality products such as Broiler Breeder Layer Cages, Egg Collection System, Grower Drinker and Air Circulating Fans that fit perfect in the space of poultry needs. These products are made according to prevailing market trends, following all the technical specification of international standards. While manufacturing these poultry equipment, we keep in mind all the important requisites of inner space, hygiene and accurate finish. Most importantly, our customized services give enough space to clients to choose their preferred range of products, available in different sizes, shapes and designs.

Established in the year 2010, we have been marching forward on the way of excellence by continuing our hard work. As an ISO 9001 : 2008 certified organization, we make sure to undertake each authorized job in a precise way to derive maximum output from every work activity. Most importantly, our team of talented employees work round the clock and complete their assigned task in stipulated period. We give more emphasis towards customer satisfaction as we serve our clients in an economical and ethical way.

Being focused towards quality, we make sure to undertake each assigned task in a precise way to optimize best possible results at each point of time. Our agro products such as Broiler Breeder Layer Cages, Brooders, Egg Trays, Feed Silo & Feed Conveyor are made of high grade raw material which makes them durable and applicable for a longer period of time. Moreover, all these aforesaid products are tested on various quality parameters to ensure their optimal productivity in term of long service life.
