About Us

M/S MALKAR INDUSTRIES, established in 1972, and engaged in manufacturing of precision gears and allied items, has achieved a name for 'quality' essential in precision gearing for gear boxes, actuators, wiper motor fans, instruments, etc. The company has specialization in manufacturing of standard/non standard hardened and ground spur, helical, worm & worm wheel gears, ground finished worms, thread rolling dies, lead screws and hob cutters. Malkar Industries has established in-house facilities for gear hobbing, gear grinding, thread grinding & hob cutter, gear hob cutter, thread milling cutter manufacturing in an in-house premise located in an industrial area.

Malkar Industries is equipped with various latest in-house test & inspection facilities like optical profile projector, tool marks microscope, gear roll tester, 3-wire measuring unit, lead & profile tester and various other regular instruments.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	knurling wheel, knurling tool,
No of Staff	45
Year of Establishment	1972
OEM Service Provided	No
ProductRange	knurling wheel, knurling tool,

Our Products

Helical Gears

Ground Gears

Non Metallic Gears

Pinion

Pitch Gears

Pinion Gears

Non Standard Gears

Precision Gears

**Single & Multistart
Cutters**

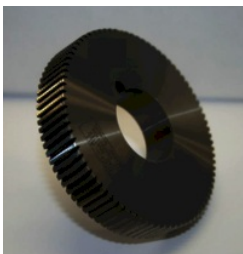

Spline Hob Cutter

Special Tap

Rack Cutters

Thread Milling Cutter

Trapezoidal Screw

Flange Nut

Worm Wheel Cutters
