About Us

Vailankanni International is a sole proprietorship company, started in 2003 by Mr. Bhaskar Anand. Since inception, we have been leading the industry by providing high quality packaging and industrial products of a wide variety. Our portfolio is one of the most talked about topics of the industry, it consists of Bosskey Fume Extraction Unit, Static Area Eliminator, Anti Static Cover, Conductive Tray, Clean Wipes, Silica Gel, Angle Board, Vinyl Gloves, Zip Lock Bags, ESB Brush, and many other products. In order to maintain such a huge variety in our products portfolio, we handle the job roles of an importer and exporter, along with being a professional manufacturer. We offer products of international quality standards that are accepted and praised by customers in various nations.

As we are an ISO 9001:2015, we work with a commitment to deliver nothing less than the superior range. We follow specific strategies and policies that establish us as a leader in our domain. We have appointed specialized quality inspectors to examine products and enable us to supply them to customers with assurance and guarantee of unmatched quality.
