WATERPROOF COATING SYSTEM

About Us

Vihan Techno Solutions was established in 2009 with an objective to bring a breakthrough in the structured engineering industry in India. Founded by a renowned civil engineer, who was also a specialist in structural engineering, Vihan boasts of potential in-house talent that includes a number of experts in civil engineering. Our skilled workforce puts all their efforts in providing only superior quality products and solutions to our clients.

We assess and offer solutions based on structural restoration assessment due to earthquake, reconstruction, retrofitting measures and more. Today's we are proud to acknowledge that we are one of the best solutions providers in the construction industry in Gujarat and West India.

Key Facts

No of Staff	10
Year of Establishment	2009
OEM Service Provided	No

Our Products

Epoxy Resin Protective Coating

Anti Carbonation Paint

Coal Tar Epoxy Coating

Polyurethane Injection Resin

Polysulphide Sealant

Rust Remover

Epoxy Resin Grout

Waterproofing Admixture

Anti-Corrosive Coating

Mortar Modifier

Acrylic Joint Sealing Profiles

Sikagard-63N 2 Part Epoxy Protective

Water Based Epoxy Coating

Sikagard-67 2 Part Water Based Epoxy

Acrylic Waterproofing Coating

Inertol Poxitar Coal Tar Epoxy Coating
