ORGANIC VIRUCIDE

About Us

Cultivating Sustainable Agriculture Through Innovative Bio and Organic Solutions. The seed of this prime company was sown about two decades ago. Since this big step in 2006, our founder Mr. Rahul Pimpalkars efforts have led Mani Agro Chemicals to the zenith of the Agro Chemicals Industry. Our dynamic operations include manufacturing, importing, exporting, and bulk supplying a diverse range of Agro Chemicals and Industrial Chemicals. With a strategic presence in 12 states across India, we take pride in being a trusted partner for a broad spectrum of clients.

Our product portfolio, covering Pesticide, Organic, Biostimulant, and Microbial verticals, reflects our dedication to providing comprehensive solutions that meet the varied needs of our clients. At Mani Agro Chemicals, we prioritize maintaining the highest industry standards and strictly adhering to government norms. Our responsibility toward the environment is ingrained in our practices. Our products deliver exceptional results and are crafted with a conscious focus on environmental safety.
