## About Us

Since its establishment in 2020, Navpad Transmission, has been producing a wide range of goods, including Bucket Bolts, Bevel Gears, Taper Lock Pulleys, Elevator Wheel Sprocket, etc. We manufacture these products using premium raw materials that we obtain from reputable market vendors. We provide all the finished goods as schedule and at reasonable costs. Our skilled workforce stays updated on cutting-edge production techniques and concepts. We also have a quality control division where we check each item in our catalogue against pre-established standards including design, quality, and finish. Each unit is equipped with all the machinery, tools, and technology required to produce a wide variety of high-quality products.

Our mentor, Mr. Jainam Shah, is the strong supporting pillar of our organization and the reasons why we are growing in the market at a significant rate. He has a wealth of knowledge from his extensive experience in the field, which allows us to better understand the diverse demands of our clients.

<b>OEM Service Provided</b>	No

## Our Products

**330x160x100 4 Ltr Plastic Bucket**

**Industrial Bulk Flow Chains**

**Stainless Steel 304 Bucket**

**400x135x75 1.75 Ltr Plastic Bucket**

**265x200x80 2.5 Ltr Plastic Bucket**

**Industrial Worm Wheel Gear**

**Industrial Spur Gears**

**Industrial V Belts**

**Industrial Timing Belts**

**Training Conveyor Idlers Belt**

**Steel Worm Wheel Gear**

**Transmission Helical Gears**

**Industrial Bevel Gears**

**Industrial Rack Pinion**

**Industrial Helical Gears**

**Single Pitch Attachments Chains**
