About Us

Our budding company, Kiaan Papers, is known in the market as one of the leading manufacturers, suppliers, and traders of industrial chemicals and more. We offer our clients a huge variety of products, which include Ammonium Zirconium Carbonate Chemical, Ash Booster Solution, Playing Bonding, Defoamer Agent, Tissue Paper, and more. We place extra emphasis on making sure that the products we offer our clients are of premium quality. For that, we procure the needed raw materials and engineers from trusted vendors in the industry. These people are chosen after thorough market research, and we ensure their reputation in the market. All the products that we supply to our clients go through a series of quality assurance tests and are highly appreciated by our clients for their accurate chemical composition, quality, and low cost. These products find their use in various industries all over the country, and to cater to their growing requirements, we supply them at competitive market prices.

Our team of expert professionals is the backbone of our company. They are selected after a thorough selection process, and we make sure they share the same values as our company. They are dedicated to providing our customers with premium-quality products that help us ensure total customer satisfaction. These people are allocated to different teams based on their experience and expertise. Our customer support team listens to the requirements of our customers, guides them in the best possible manner, and solves any queries or concerns they might have. Moreover, we provide our employees with regular training to ensure they do not fall behind in this competitive environment.

Our notable company, Kiaan Papers, was founded in 2023, and we are based out of Muzaffarnagar, Uttar Pradesh, India. We are known to manufacture, supply, and trade in industrial chemicals, including Carboxy Methyl Cellulose Powder, Dry Strength Resin Solution, Cationic Surface Sizing Agent, Dispersing Agent, Tissue Paper, and more. In a short amount of time, we have earned the trust and respect of our clients. This has been made possible because of our ethical business policies, quality control regime, and transparent way of doing business. We maintain a healthy and cordial relationship with all our clients and vendors. This helps us improve our market reputation as well as strengthen our position in the industry. We aim to keep going forward from this point on and will do all the necessary hard work for it.
