About Us

Innovative Portable Cabins as the name gives a hint is a company with expertise in supplying various types of portable cabins and structures. Our offering list is extensive and includes products such as ACP Portable Cabin, MS Portable Toilets, Modular Office Cabin, Prefabricated Structure, Portable Toll Booth, MS Bunkhouse, Office Cabin, FRP Portable Security Cabin, etc. We offer products with innovative designs with the complete support of our professionals, who hold expertise in the domain. The cabins and structures we offer are applauded in the market for their robust construction, self-supporting structure, light weight, high thermal insulation, and maintenance-free durability. Our products are extensively chosen for fulfilling the requirements for attractive and enduring construction structures for offices, medical dispensaries or laboratories, accommodation for engineers, toilets, canteens, conference rooms, and control rooms. We employ the latest and most innovative techniques to bring forth reliable products at affordable price points.

We, Innovative Portable Cabins, are trusted in the market for our MS Portable Toilets, ACP Portable Cabin, Modular Office Cabin, Portable Toll Booth, Office Cabin, FRP Portable Security Cabin, and many other products. These are developed, offered in many sizes, and provided to customers after installing a number of facilities, including lighting, interior paint, flooring, etc. We are setting benchmarks under the strong leadership of Mr. Ratnesh Mishra. He guides and motivates our team members to meet our business goals and accelerate the reach of our brand. Our mentors timely check the performance of staff and give them deserving awards and promotions. He also ensures that our facilities are properly maintained so that we work in a smooth and streamlined manner.
