## About Us

Ibra Energy India Pvt. Ltd. provides a range of Equipment for Event Control. We cater to the requirements of a large number of parties and event management companies by providing them with our modern lights, controllers and equipment. Our portfolio consists of City Color Light, Dragon Aura Light, Monster Wash Light, Profile Fixture Light, RGB Laser Light, Blaze Strobe Light, Fire Flame Machine, Jet Machine, Sapphire Touch Controller, and many other products.

By consistently supplying these products to markets, since our establishment in 2000, we have created a special position for ourselves in the industry. Our lights are highly efficient, their construction, bright illumination, and modern designs, make them extensively praised among customers. We regularly bring new and improved products for hosting several types of events, from a club party to concerts, wedding functions, and more, to market by conducting research tasks. Our research team offers us unique ideas for designing products at a low cost. Furthermore, we conduct research to know what our customers think about us and our offerings.
