About Us

Delight Industrial Solutions Pvt. Ltd. (DISO) was established in 2013 and has been a trusted name in the safety industry for over a decade, leaving a strong impact with our quality-driven approach. We began our journey with a single product that was Fully Automatic Seamless Gloves Knitting Gloves production and have since expanded to a comprehensive in-house manufacturing unit. Our product range now includes Ear Plug, Valpro Guardian Safety Helmet, Industrial Glove Knitting Machine, PVC Glove Knitting Machine, etc.

With a well-connected distribution network across India, we ensure swift and efficient delivery to our partners and end-users. Additionally, Delight Industrial Solutions is a prominent Importer, Exporter, and Distributor of industrial safety products across several Asian countries. We are committed to offering high-quality, cost-effective safety solutions that comply with EN & CE product standards. Our credibility is further reinforced by IAF, IAS, and ISO 9001:2008 certifications.

Our state-of-the-art infrastructure is designed to produce top-notch safety products while strictly adhering to government regulations. Our competitive pricing, timely delivery, and flexibility give our customers an added advantage. Over the years, we have successfully catered to industries such as automobile, pharmaceuticals, hospitals, laboratories, construction, and petrochemicals.
