About Us

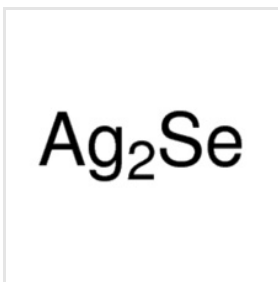

Backed by the profound industry knowledge of over 2 years, we, Indian Platinum Private Limited, have been able to list ourselves as an eminent name engaged in manufacturing, exporting and supplier of Chemicals. Our range comprises Palladium Chloride, Palladium Acetate, Silver Acetate, Silver Nitrate, Silver Sulphate, Silver Sulfadiazine, and more. These are processed using premium grade ingredients and components procured from the reliable vendors of the market. All the offered products are highly demanded by our customers owing to their features such as accurate composition, precise value, and longer shelf life.

To process the chemicals in an efficient manner, we have developed a robust infrastructure which is well equipped with all the requisite latest machines and equipment. It helps in the proper execution of our business functions. It is greatly supported by our dexterous team of experts who works in the best possible way to meet the bulk requirements of the clients. These experts test the quality of the products right from the procurement till the final dispatch of consignments. Moreover, we accept payment in different modes for the convenience of the clients. Also, we offer customized solutions in the form of safe packaging as per the specifications given by the customers.
