About Us

Techsol is one of the leading manufacturers, traders, exporters, and wholesalers of high-quality digital storage solutions and related products. Dedicated to excellence and innovation, we can offer you a wide range of USB devices as well as optical storage options which include Metal USB Pen Drives, Key Chain Pen Drives, Card Shape USB Pen Drives, and Printed Blank CDRs. We design products that blend functionality with style, responding to the world's business, individual, and tech junkies need to fit all their storage needs.

We are stepping ahead in the business, under the guidance of our mentor, Mr. Hariraj Pillai. His design ideas, focus on quality, and rich market experience make us perform impressive work and delight customers. He enables us to timely provide pen drives and CDRs with your own custom artwork including the logo or brand by employing different printing techniques. With us, you can get pen drives and CDRs in many styles and design. We also help customers by providing them with accurate product quotes, product samples, and best advice.
