

ROTARY SPHERICAL DIGESTER

RULING MARKETS BY BEING ETHICAL AND HONEST

Agitator Assembly With Custom Impeller, Custom Built Heat Exchanger, Double Pipe Hairpin Heat Exchanger, Evaporator Heat Exchanger, Gas And Liquid Tube Heat Exchanger, Heat Exchangers With Expansion Joints, High Pressure Autoclave With Agitator, High Pressure Receiver Tank, Industrial Agitated Reactor, Industrial Carbonation Tower, Industrial Distillation Absorption Column, Industrial Loop Reactor, Industrial Plug Flow Reactor, Industrial Storage Tank, Industrial Tubular Reactor, etc.

**SEAWATER DESALINATION
CONDENSER HEAT EXCHANGER**

**DOUBLE PIPE HAIRPIN HEAT
EXCHANGER**

INDUSTRIAL AGITATED REACTOR

About Us

We are qualified manufacturers, suppliers, and exporters of various process plants & heavy industrial equipment having all the necessary infrastructure in-house to manufacture the equipment. Since its establishment in 1986, the company has witnessed strong and steady business growth. The strength of Mech Engineers lies in trustworthy, well-experienced, and qualified personnel, machinery, infrastructure, and supplier network to meet Quality Standards and Delivery Schedules at the most competitive rates.

We serve the needs of petrochemicals, agro-industries, pesticides, pharmaceuticals, process industries, bulk drugs, dyes/paints, steel mills, paper/pulp, chemicals, and energy industries by supplying static and rotary equipment like, Heat Exchangers With Expansion Joints, Custom Built Heat Exchanger, Seawater Desalination Condenser Heat Exchanger, Industrial Autoclave, Liquefied Gas Storage Tank, Receiver Tank, etc., which meet the requirements of national and international standards & codes like Indian standards (ISI), ASME, DIN, BRITISH, TEMA, API & ASTM, etc. Mech Engineers holds an authorization from the American Society Of Mechanical Engineers (ASME) to apply the U stamp on Pressure Retaining Components, Heat Exchangers, constructed at the company's workshop. Our company is ISO 14001:2015 certified and ISO 45001:2018 certified. We can handle materials like carbon steel, stainless steel, copper, aluminum, nickel, Hastelloy, etc.

Our company, Mech Engineers, was established in 1986, in Valsad, Gujarat. Owing to our quality products like Agitator Assembly, Carbonation Tower, Skid Mount Plant, Industrial Condenser, Industrial Distillation Absorption Column, Industrial Loop Reactor, etc., today, we are known as one of the leading manufacturers, suppliers, and exporters of the above-mentioned products. Our products are liked by our clients for their superior quality, durability, dimensional accuracy, tough body, and efficiency. To manufacture these products we procure the best quality raw materials from some of the most trusted vendors in the market. These vendors are selected after doing a lot of research by our team. Furthermore, our strong market presence has also helped us gain many customers over the years, and our customers retention practices have helped us retain those customers.

Key Facts

No of Staff	250
Year of Establishment	1986
No of Production Lines	1
OEM Service Provided	No
Monthly Production Capacity	625 MT/ Month

Our Products

**Heat Exchangers With
Expansion Joints**

**High Pressure
Autoclave With**

**Liquefied Gas Storage
Tank**

Industrial Storage Tank

**High Pressure Receiver
Tank**

**Rotary Spherical
Digester**

**Industrial Distillation
Absorption Column**

**Top Mounted
Condenser For**

**Agitator Assembly
With Custom Impeller**

**Industrial Carbonation
Tower**

**Steel Structures Skid
Mount Plant**

**Titanium Tube
Condenser**

**Industrial Tubular
Reactor**

**Industrial Plug Flow
Reactor**

Industrial Loop Reactor

**Evaporator Heat
Exchanger**
