About Us

At Oriilon India Pvt. Ltd., we stand as paragons of innovation, weaving the future of fashion and fabric with our exceptional Raw White Nylon for apparel and textiles. Today, we have acquired market credibility of a manufacturer and supplier of the finest quality Nylon Yarns. In a sector where precision and reliability are paramount, our range shines as beacons of distinction. Since our inception in 2008, we have been steering our firm in the Indian market at an accelerated pace. Our office is located in Surat, Gujarat from where we are meeting the requirements of many businesses who demand our products for the manufacturing of various garments. Our industrial success is due to three fundamental pillars of excellence: quality, innovation, and integrity. With these pillars, we have been creating yarns that are acknowledged for enhancing the aesthetic appeal of various products.

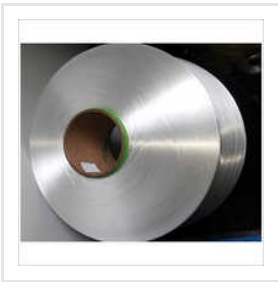

We are relentless in our dedication to quality, ensuring that every strand of our Nylon Yarn for Apparel and Textiles meets the highest industry standards. Also, we implement assorted quality control measures in the manufacturing process and ensure that precision is given the top priority. We make intelligent efforts to safeguard quality. We nurture a team of dedicated experts who are given the responsibility of monitoring all manufacturing stages and checking as well as testing the finalized products on definitive parameters. With the efforts of our experts, we ensure that our yarns have outstanding consistency, higher strength, and supreme colorfastness.

Oriilon India Pvt. Ltd. is meeting the needs of clients for Raw White Nylon Yarns from its head office in Surat, Gujarat, India. Our products are made via different processes such as extrusion, stretching, and others. These processes are helpful in making the product excellent in terms of strength and uniformity. On these parameters, we conduct quality checks at different stages too so that the yarns meet our benchmark quality standards. Quality is also promised and checked during the packaging and delivery stages. We use qualitative materials to pack the range as per client orders and transport orders quickly to their specified destination.
