About Us

Shinde Fire Safety Products is a leading manufacturer, supplier, and exporter of Aramid Yellow Kevlar Gloves, Asbestos Hand Gloves, Heat Resistant Hand Gloves, Silver Fire Proof Furnace Suit, ARC Flash Suit, and more. Each product is meticulously designed and manufactured in our state-of-the-art facility, utilizing premium raw materials and advanced technology, all in accordance with international quality standards. Our offerings are renowned for their exceptional fire and high-temperature resistance, reliability, safety, and superior finish. Additionally, we provide our products in various specifications and offer customization to meet the specific needs of our clients at competitive prices.

We have established a highly advanced infrastructural foundation that is equipped with state-of-the-art machinery and tools. The capabilities of our infrastructure enable us to provide a superior range of products. Our infrastructure is organized into various departments, including manufacturing, quality testing, and sales and marketing, among others. We are backed by a team of exceptionally skilled professionals who possess extensive knowledge and expertise in their respective fields. Our team comprises qualified individuals with years of experience in operating sophisticated machinery. Our members work tirelessly to fulfill the specific requirements of our valued clients within a set time frame. Furthermore, our experts are wholly committed to achieving the precise objectives of our organization. Thanks to the relentless efforts of our professionals, we have secured a prominent position within the industry. Additionally, we ensure that all products manufactured by us undergo rigorous testing against well-defined criteria to guarantee their excellence.
