About Us

Shorathiya Rubber Industries from Ahmedabad, Gujarat, enjoys enduring partnerships with many customers from textile industry, paper industry, steel industry, etc. Small and big clients from various Indian cities come to the company to avail its range of innovative Solventless Lamination Rubber Roller, Super Finish Hard Chrome Plated Cooling Roll, Anilox Roller, Embossing Roller, etc. The company offers customized roller solutions at extremely low rates to these clients. Before delivering orders, rollers designed by the company are evaluated for their hardness, surface finish, chemical resistance, and dimensional accuracy. These tests are quality verified by the experts of the company as per its strict quality control measures aligning with international standards.

We also hire experts who have the capability to select different materials that show high friction coefficient, excellent abrasion, and chemical resistance, etc. Industries We Serve A wide client base testifies the credibility of a manufacturer/product seller and the products it offers. Our Infrastructure We rule the roller design and engineering industry of India, and this reputation is not something we have Our Team The sheer commitment of our team of designers, engineers, quality analyzers and researchers Quality Assurance We have a well-documented quality assurance programme that encompasses a combination of processes,
