

# LOAD CELL & TORQUE SENSOR

*Best Destination For Quality Lovers*

4 Channel Data Logger, Auto Press Data Logger, Brake Clutch Test Logger, CSB Cantilever Shear Beam, Column type Internal Thread Load cell model:FCIT, DWP Draw Wire Potentiometer, FCL Load cell, FPMFT Load cell, FPMT Load cell, FS S type load cell, FSB Shear Beam Load cell, FSMC Load cell, FSP Single point load cell, FW HT High Temperature Load cell, FW Washer type load cell, etc.

**UNDER WATER TUG LOAD CELL**

**FSMC LOAD CELL**

**PEDAL FORCE SENSOR**

## About Us

We are pleased to report that SeethaRam Mechatronics Private Limited has an impressive world-class product range that is produced by us in-house just a few years after the company was founded. Load Cells, Torque Sensors, Displacement Sensors, Humidity Sensors, Data Loggers, Vibes IoT Sensors, Indicator Controller, Signal Conditioner, etc. are some products offered by our manufacturer and supplier entity. Our goods are highly regarded for their dependability, accuracy, efficiency, and a host of other qualities. We promise to uphold the highest standards of quality in all we do and to give our customers the best items we can. We provide doorstep delivery of our customers orders with the assistance of our logistical partners for their convenience. Additionally, we accept a number of payment options, enabling our clients to pay us in the way that suits them best. To ensure that they are happy, we ask for feedback from our customers, and if they have any suggestions, we definitely take them into consideration.

We, Seetharam Mechatronics Private Limited, are a business founded in 2013 and based in Chennai, Tamil Nadu, India. Load Cells, Torque Sensors, Displacement Sensors, Humidity Sensors, Data Loggers, Vibes IoT Sensors, Indicator Controller, Signal Conditioner, etc. are a few things offered by our company. The innovative ideas of our team help us to distinguish ourselves in the marketplace and wow our loyal customers. In order to provide our clients with the greatest solutions, we listen carefully to their needs. Our business pushes all its limits to please clients, and this working approach has helped us establish a significant presence in the nationwide market.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	usb data logger,temperature sensor,humidity sensor,load cell indicator,load indicator,signal conditioner,analog signal isolator,signal converters,load cell amplifier,load cells
<b>No of Staff</b>	27
<b>Year of Establishment</b>	2013
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No
<b>ProductRange</b>	usb data logger,temperature sensor,humidity sensor,load cell indicator,load indicator,signal conditioner,analog signal isolator,signal converters,load cell amplifier,load cells

**Our Products**

**FCL Load Cell**

**FPMFT Load Cell**

**Web Tension**

**CSB Cantilever Shear Beam**

**Gear Shifting Load Cell  
Model:GS**

**FZ Load Cell**

**Pancake / Round Type  
Load Cell Model:FPT**

**FPMT Load Cell**

**Column Type Internal  
Thread Load Cell**

**WF Wave Force**

**FW Washer Type Load  
Cell**

**Tug Load Cell**

**FSP Single Point Load  
Cell**

**FSB Shear Beam Load  
Cell**

**Hand Force Sensor  
Model:HFS**

**Multi Axis Load  
Cell.Model:MAS-700**

ADDRESS

Plot No.3, 8th Street, Vaishnavi  
Nagar, Chennai, Tamil Nadu,  
India (600062).
