## About Us

In India, we have been bringing forth a fine variety of Compression Springs & Machinery Springs since 1990. Our focus has always remained on presenting custom made springs that perform varied heavy duty functions with ease by storing optimum mechanical energy. The springs offered under our name are designed to fit the latest application requirements of clients, in compliance with the IS standards. Further, we focus on assuring seamless finish and high quality of our springs at all times. Our collection of springs is manufactured using top quality stainless steel, copper, spring steel and other raw materials only, which are quality tested prior to use. This helps us in fulfilling our quality commitments that we make to our clients. The promised list of Heavy Duty Compression Springs, Double Pitch Compression Springs, Cable Protected Springs, Garter Springs, etc., is delivered with speed. No delays in the delivery process are made, clients orders are delivered at right locations in top condition.

We, R. B. Spring Industries, have been working as a responsible manufacturer and supplier in the market for the past 3 decades. We have been showcasing exceptional professionalism, fairness and transparency in our working style. This has made us a trusted choice in the market. We plan to improve more to grow more popular. We also work as a third party exporter.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	color coated spring,black spring,color coted spring,color spring,heavy duty spring,buffer springs,lift spring,spiral torsion spring,constant force springs,garter springs
<b>No of Staff</b>	10
<b>Year of Establishment</b>	1991
<b>No of Production Lines</b>	2
<b>OEM Service Provided</b>	No
<b>Monthly Production Capacity</b>	More than 50 Ton
<b>Memberships</b>	MSME, RAJKOT CHAMBERS OF COMMERS, LAGHU UDHYOG BHARTI
<b>ProductRange</b>	color coated spring,black spring,color coted spring,color spring,heavy duty spring,buffer springs,lift spring,spiral torsion spring,constant force springs,garter springs

**Our Products**

**Iso Standard Die Mould Spring**
