About Us

Way back in 1972, our company - Wahan Engineering Corporation got incepted as a manufacturer and supplier. Today, we have acquired expertise in the industry as we are trusted for delivering the best quality products such as Propeller Shafts, Torque Heavy Duty Cardan Shafts, Flange Yoke Cross Holder Serrated, U J Cross Assembly, AMW Tipper Trucks Spare Parts, and others. All these are assured for their longer life, accurate construction, and smooth finishing. These are made using the finest grade material that are acquired after their quality assertion.

Mr. Rahul Yagyadatt Sood is the CEO of our company and is dedicated to ensure its progress and success. With his strategic business strategies and experience in the industry, he has steered the company in the right direction. Under his leadership, we have acquired a leading position in the industry which is evident from our high turnover and a list of loyal, satisfied customers.
