

ROTARY GEAR PUMPS (CGSS)

Exporter, Manufacturer And Supplier

CGXM Gear Pumps, Double Helical Gear Pumps, Grease Pump, Heavy Duty Rotary Gear Pump, Medium Duty Rotary Gear Pump, Multi Purpose Rotary Gear Pumps, Oil Lubrication Pump, Positive Displacement Pumps, Positive Displacement Rotary Gear Pumps, Pressure Lubrication Pumps, Rotary Gear Pump, Rotary Gear Pumps (CG), Rotary Gear Pumps (CGSS), Rotary Gear Pumps (CGX), Rotary Gear Pumps (CGXM), etc.

SS GEAR PUMPS

TWIN GEAR PUMPS

DOUBLE HELICAL GEAR PUMPS

About Us

With The Motto To Meet The Quality Standards And Ever-Increasing Demands Of Our Clients, DI Engineers Has Equipped Itself With All Latest Machinery And Equipment. We Are Known As A Leading Manufacturer, Exporter And Supplier, Engaged In Offering The Largest Range Of Efficient, Economical And High-Performance Gear Pumps, SS Gear Pumps, Rotary Gear Pumps, Oil Lubrication Pumps, Automatic Lubrication Pumps, Industrial Gear Pumps, Industrial Rotary Gear Pumps, Positive Displacement Rotary Gear Pumps, Rotary Twin Gear Pumps, Twin Gear Pumps, Etc. Used For All Viscous And Semi Viscous Liquid Application. Our Company Began Its Business In 2001 As A Small Proprietary Undertaking, And At Present Our Products Are Offered Under Brand Name "ROPAR". Made In Conformation With The Global Quality Standards, Our Range Finds Use In Both Commercial & Industrial Sectors.

DI Engineers operates as a trustworthy manufacturer and exporter of all types of pumps including Compact Rotary Gear Pumps, Rotary Gear Pumps, Positive Displacement Rotary Gear Pumps, Rotary Positive Displacement Pumps, Automatic Lubrication Pumps etc. Our Positive Displacement Pumps with a safety or relief valves are termed as "constant flow machines". These produce identical flow irrespective to the discharge pressure. Since the year 2001, we have capitalized on the excellent market opportunities and gained a strong foothold. Our pumps are provided with 2 cavity, one on the suction side and other on the discharge side. These ensure that our pumps operate smoothly and uninterruptedly. With competent employees including engineers and scientists, adequate infrastructure, expertise and experience, we follow our relentless commitment towards better pumps quality and delivering values in everything we engineer.

Key Facts

No of Staff	7
Year of Establishment	2001
OEM Service Provided	No

Our Products

Rotary Lobe Pump

Twin Lobe Pump

Heavy Duty Rotary Gear Pump

Medium Duty Rotary Gear Pump

Multi Purpose Rotary Gear Pumps

Positive Displacement Pumps

Positive Displacement Rotary Gear Pumps

SS Rotary Gear Pumps

Rotary Twin Gear Pumps

Single Helical Gear Pumps

Tri Lobe Pump

Grease Pump

Rotary Gear Pumps (DIRNXJ)

Rotary Gear Pumps (CGSS)

Rotary Gear Pumps (CGXM)

Rotary Gear Pumps (CGSS)
